

# Berry-speculoos cream in a jar

🕒 140–180 Min   

## Preparation

- 1 For the speculoos dough, knead all the ingredients into a dough, cover and leave to rest for 2 hours.
- 2 Line a baking tray with baking paper. Roll out the dough to a thickness of approx. 3 mm and place on the baking tray.
- 3 Bake in a preheated oven at 170 °C for approx. 10 minutes.

**HINT:** Tip: If you're in a hurry, you can of course also use other shortcrust Christmas biscuits or gingerbread.

- 4 Place about 200 g of the cooled speculoos in a plastic bag and knock into large pieces.
- 5 Beat the whipped cream with the vanilla sugar until very stiff. Mix the mascarpone with the quark and fold in the whipped cream.
- 6 Prepare 6 dessert glasses, each containing 200-250ml.
- 7 Spread 2 tablespoons of biscuit crumbs on the bottom of the glass and cover with frozen berries. Press down with a spoon.
- 8 Pour the cream into a piping bag and cover the berries in the jar with it.
- 9 Spread the biscuit crumbs on top, add the frozen berries and cover with cream.
- 10 Decorate with breadcrumbs and lemon balm or mint.
