- 4 Now stir in the eggs one by one and beat until creamy. Heat up the milk a little. In a bowl mix the flour with the baking powder.
- 5 Now stir flour and room temperature milk into the batter, alternating between the two, then use a hand blender to mix well.
- 6 Once ready, spread the batter across the baking sheet and scatter the cherries on top. Bake in a preheated oven for around 40–45 minutes.
